5.3.2 – Activity of Student Council & representation of students on academic & administrative bodies/committees of the institution (maximum 500 words)

--

The Government of Andhra Pradesh has imposed a ban on students' election. However the nominated council exists in the college. The college has a student union nominated by the Head of the institution, with senior faculty member as vice president and student representative. The Principal nominates student representatives in each and every academic and administrative body of the College to develop leadership qualities among them. Students are nominated as members of academic bodies such as IQAC and Boards of Studies. Besides, there are student representatives in bodies such as Anti-ragging committee, Discipline committee, Exams committee and Grievance redressal Committee. Our students are playing a very active role in maintaining the Girls' Hostel. They are made members of the Hostel Committee. The Hostel Mess is totally managed by the students committee. The college has special fee, library advisory committee and such other committees, where two student representatives will be the members of each committee. At the Departmental Level students are playing an important role in the conduct of Curricular, Co-curricular and Extra-Curricular activities. Another important feature is that the College magazine "Inforays" is run by the editorial board comprising only student representatives.

CRITERION VI – GOVERNANCE, LEADERSHIP AND MANAGEMENT

6.1 – Institutional Vision and Leadership

6.1.1 – Mention two practices of decentralization and participative management during the last year (maximum 500 words)

The College encourages decentralization and participative management at various levels through the following initiatives. The staff members are involved by way of constitution of various committees. They work with the conveners in carrying out their responsibilities. The uniqueness of our Institution is formation of "Student Quality Assurance Cell (SQAC)" in the college from the academic year 2014-15. Class representatives from all groups constitute SQAC. A "Student Forum" is constituted where students of Arts, Science and Commerce share relevant matters of their subjects with one another. Similarly, under the platform of Faculty Forum, one lecture is arranged every month. Opportunity is given to faculty alternately from departments of languages, sciences, humanities and commerce to select a topic of general interest related to their subject and present it preferably with a PPT. The Consumer Club, Eco Club and Red Ribbon Club also help develop leadership qualities among students through community service. As a part of decentralized governance system, departments are given autonomy in academic and financial matters. Departments can frame certificate courses and offer them to the students at their convenience, outside the college hours. They can come out with proposals for national seminars and mobilize resources from outside agencies such as UGC, NAAC etc.

They can submit budget proposals to buy chemicals and scientific equipment stating the justification for their purchase. To promote a culture of participative management, the faculties are involved in the following committees set up for planned objectives: 1. Administrative committees for the preparation of academic calendar, time-table and to look after building activities, UGC, examinations and IQAC. 2. Committees for co-curricular and extra-curricular activities including library, games, literary and cultural matters. 3. Committees for extension activities such as NCC, NSS, Eco-club, and Red Ribbon Club. 4. Committees for student welfare to look after matters relating to career guidance, grievance redressal, health and student counseling.

7.1.7 – Initiatives taken by the institution to make the campus eco-friendly (at least five)

The green initiatives that the college has taken to make the campus eco friendly are listed below: Energy Conservation: The staff and students are careful about the use of electricity. Students and staff ensure that the electric switches are off whenever not required. This practice saves energy and also makes students aware about the importance of power conservation. While developing new facilities like the hall, auditorium and computer laboratory, we have fixed CFL and LED lamps from the beginning. Moreover, the architectural design of new building ensures natural light and ventilation, reducing the electricity consumption. Solar Panels: As part of its green initiatives, the College has installed solar panels to tap solar energy and meet part of its energy requirements. Water Harvesting: The institution has established a water harvesting structure on the campus to harness rain water. Efforts at Carbon Neutrality: The institution does not have environment-polluting laboratories. Hence, we have not made efforts for carbon neutrality as yet. We select electric equipment that consumes less energy. Plantation: The NSS students conduct a tree plantation drive every year, with the result that our campus has trees at every available space. Besides, our NSS volunteers or NCC cadets have planted trees in the local Government Hospital. Besides, our volunteers and

cadets organize Green Campaigns through Clean and Green Programmes and Awareness Rallies on Environmental Pollution, Conservation of Ecology and saving of power. E-waste management: Old monitors and CPUs are repaired and reused in most cases. The monitors and CPUs that cannot be reused are sold to an old paper mart. Thus, we generate revenue for the college.

7.2 – Best Practices

7.2.1 – Describe at least two institutional best practices

Best Practices Practice - I e- Internal assessment Objectives ?To increase the element of objectivity and consistency in marking ?To ensure validity, reliability and fairness in conduct of internal assessment tests and marking ?To train the students to appear for online competitive exams with confidence

The Context To sustain the quality of education, it is imperative to have an objective, consistent and reliable assessment tool. Assessment through Multiple choice questions is the one such reliable method. To make the formative assessment question paper more objective, it is imperative that a quality question bank is available in all subjects. Hence it is the need of the hour to prepare the students for online exams. This necessitated the creation of the computerized question bank for Formative e-assessment for internal assessment tests. Creation of Question Bank The Internal Assessment tests have exclusively Multiple Choice Questions (MCQ's) at 3 hierarchical cognitive levels of learning. Subject experts and senior teachers validate the questions available in Question Bank. A custom made software is employed for the purpose of question bank creation, updation and generation. e-generation of MCQs Questions are generated automatically as and when the students log in. In the allotted time of 30 minutes students can change their answers any number of times. However, once the allotted time is over the students cannot change or mark answers. The students can immediately check their score also the answers for questions they couldn't mark correctly.

Practice - II Title of the Practice: INFORAYS - The College Magazine Objectives of the Practice ?To improve the writing skills of the students. ?To give an opportunity to the students for creative expression of their ideas, thoughts and feelings. ?To develop Research Culture in the students. **The Context** After the grant of Autonomy, the college has started publishing a monthly magazine managed by an Editorial Board comprised of only the students of the college. It had been observed that the students had very little scope for creative expression of their ideas, thoughts and feelings. Further, it had been observed that the reading and writing habits of the students were on the wane. So, the College has taken a decision to start a monthly magazine called INFORAYS to be totally managed by the students. **The Practice Preparation of Students and Faculty** The faculty has been asked to orient their students towards the new practice. The students picked for the Editorial Board were given special training in Editing and other related areas. **The Management of the college** came forward to provide the required logistical and financial support. **Selection and Publication of Articles** The received articles are scrutinized by the Board and then they are sent for proof reading. The articles on certain topics are sent to the respective departments for their opinion on their print worthiness. The magazine also publishes news and photos related major events conducted in the college. Finally, the manuscripts are sent to the printer for publication and timely submission.

7.3 – Institutional Distinctiveness

7.3.1 – Provide the details of the performance of the institution in one area distinctive to its vision, priority and thrust in not more than 500 words

The objective of Sri Ramakrishna Degree College is to become an institution known for providing quality education with a minimal fee structure, promoting academic, physical, moral and cultural development of students and molding the students into industry-ready material by the time they walk out of the portal of the College. The College strictly adheres to the fee structure prescribed by the State Government and the Parent University. The faculty members are fully qualified and well experienced as per the norms laid down by the Higher Education Department of Andhra Pradesh. As a result, the College is providing quality education with nominal fee structure. Majority of the students receive scholarships from the State Government. The College management also provides financial support to needy students, which further ensures better education for the economically challenged students. Apart from academic excellence, the College also pays sincere attention to the physical, moral and cultural development of students. The College conducts various curricular, co-curricular and extra-curricular activities for the all round development of the students. College also actively encourages the organization of moral and cultural events. Some of the important days that the College celebrates are as follow: National Unity Day Teacher's Day A.P. Formation Day Constitution Day Dr. B .R .Ambedkar's Death Anniversary World Human Rights Day Smt. Savithribai Phule's Birth Anniversary National Girl Child day International Mother Language Day International Women's day The College makes special efforts to impart employability skills to its students and make them ready for the competitive world. The College Training and Placement Cell conducts training programmes to sharpen the core skills as well as the soft skills of the students. It's a matter of great pride that many of our students are pursuing their higher studies in prestigious Universities/Institutions. Job Melas are held on a regular basis and students are encouraged to participate in them and find suitable placements.
